### **Coordinator EU H2020 project REFRESH (2015 – 2019)**

The overall aim of the project REFRESH is to contribute significantly towards the objective of reducing food waste across the EU and maximizing the value from unavoidable food waste and packaging materials. A central ambition of the REFRESH project is to develop a 'Framework for Action' model that is based on strategic agreements across all stages of the supply chain. The Taskforce Circular Economy in Food is the leading platform in the Netherlands. Other platforms are set up in Germany, Spain, Hungary and China.
